RESPONSE

This is in response to the July 25, 2006 office action, which entered double-patenting rejection that the examiner acknowledged could be overcome by filing a terminal disclaimer. The applicant requests reconsideration of the application.

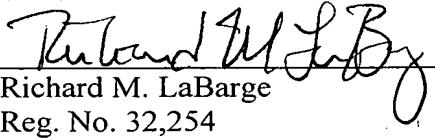

Enclosed is a terminal disclaimer that satisfies the requirements of 37 CFR 1.321.

Also enclosed is a check for the required fee. Because this disclaimer is sufficient to overcome the rejection, the applicant requests that the rejection be withdrawn and that the pending claims (claims 13-30, 38, 39, 41-44, 46-49, 51-62, 64, 65, and 67-72) be allowed.

Respectfully submitted,
